

Linguascope – (instructions for PC/Laptop/Mac)

You can do this on a phone or tablet but it looks different

1. Go to www.linguascope.com and click on LOG ON
2. Enter the username: **howden**

And the password: **ASK YOUR TEACHER IF YOU DON'T KNOW IT – it may have changed!**

3. Click on Beginner and the French Flag
4. When the screen opens it should look like this

Choose any topic that you have studied in class.

5. There are lots of games to play to learn/practise the vocabulary. The best/most useful ones (in my opinion) are marked with a red star.

There is no need to submit anything, use this homework to revise.
