

In MFL vocab learning is crucial for listening and reading, but also for manipulating language for speaking and writing. **Ideally pupils will do a little each day rather than the 10 000 on one day.** This is the best way to ensure retention of vocabulary.

Ideally pupils aiming to improve on their target grades will complete **10 000 points each week**, not just on the weeks they have homework. Pupils are not limited to 10 000, this is a minimum and rewards for the highest scorers will be given.

In addition pupils should be beginning to revise for **the conversation element of their speaking exam** by using their speaking booklet to think and learn some model answers.

Week	Classes	Task	How to submit/hand in
Week 3 18 Sept	11 C Spanish 11 C French 11 D French	Gain 10 000 on www.memrise.com in one week, between Monday and the due date given by your teacher.	No need to submit anything. If you follow the instructions your teacher can see your work.
