

Year 9 Self Study HT2

In MFL vocab learning is crucial for listening and reading, but also for manipulating language for speaking and writing. **Ideally pupils will do a little each day rather than the 10 000 on one day.** This is the best way to ensure retention of vocabulary. Pupils are not limited to 10 000, this is a minimum and rewards for the highest scorers will be given.

These tasks are set as a recall of the vocabulary used in Year 7, this vocabulary will also feature on the GCSE exams so a good knowledge of it is essential.

Week	Classes	Task	How to submit/hand in
