

**Year 10 Self Study HT3 SELF STUDY IS EVERY WEEK AS LITTLE AND OFTEN HAS BEEN PROVEN TO BE MORE EFFECTIVE IN MFL**

In MFL vocab learning is crucial for listening and reading, but also for manipulating language for speaking and writing. **Ideally pupils will do a little each day rather than the 20 000 on one day.** This is the best way to ensure retention of vocabulary. Pupils are not limited to 20 000, this is a minimum and rewards for the highest scorers will be given.

Week	Classes	Task	How to submit/hand in
