

## Year 10 Self-study Rota – Summer 1<sup>st</sup> half term 2024

| Week         | Options                | English                | Maths                  | Science                |
|--------------|------------------------|------------------------|------------------------|------------------------|
| 1 15.04.2024 | No Homework            | No homework            | No homework            | No homework            |
| 2            | Option A + B           | English                | Maths                  | Science                |
| 3            | Option C+ D            | English                | Maths                  | Science                |
| 4            | Option A + B           | English                | Maths                  | Science / RS           |
| 5            | Option C+ D            | English                | Maths                  | Science                |
| 6            | Catch up week/Revision | Catch up week/Revision | Catch up week/Revision | Catch up week/Revision |

### Additional Information

**MFL – Homework is short but set with higher frequency, this reflect the best evidence for MFL which indicate regular revision and recall task aid progress.**

**Art – Art projects follow up the curriculum content**

**History – History homework is often pre-learning and support learning taking place in class**

**Science/Geography and some Technology self study is set via Seneca**

**Seneca - Learn 2x Faster ([senecalearning.com](https://www.senecalearning.com))-link here**
