Students are invited to consider areas such as: People and Culture, Landscapes, Cities, Food, Music and other Arts.

Prizes will be awarded for the two distinctive categories:

Category 1: Essay

You can choose to write a short essay (maximum 750 words) reflecting on what China and its culture mean to you (e.g. How often you encounter this culture? what do you find interesting and why? What do you know about Chinese New Year ? How does China/Chinese influence your daily life?). This should be written in English. You can also choose to express such thoughts and reflections through other media (a poem, a song, a multimedia piece). This should be written mainly in English. All work submitted needs to be your own original work.
