

Coronavirus risk assessment: Staff working in the academy

Howden School- Wider School Opening March 8

Assessment conducted by: G Cannon	Job title: Headteacher	Covered by this assessment: staff, governors, parents, volunteers and visitors.
Date of assessment: 5 March 2021 <i>*Initial Assessment produced August 2020</i>	Review interval: Weekly- Daily in week/commencing March 8	Date of next review: 8 March 2021

Risk rating		Likelihood of occurrence		
		Probable	Possible	Remote
Likely impact	Major Causes major physical injury, harm or ill-health.	High (H)	H	Medium (M)
	Severe Causes physical injury or illness requiring first aid.	H	M	Low (L)
	Minor Causes physical or emotional discomfort.	M	L	L

For the purpose of this risk assessment, we have used the term 'coronavirus' to refer to coronavirus disease 2019 (COVID-19).

Yorkshire and Humber Update

UK Government Daily Coronavirus Figures – Case numbers (whole pandemic) as of 3 March 2021		
Area	Cumulative cases to date (pillar 1 and pillar 2)	Rate per 100,000
East Riding of Yorkshire	16,845	4,937.4
Kingston upon Hull	17,644	6,792.0
North East Lincolnshire	7,763	4,865.2
North Lincolnshire	8,109	4,706.5
Yorkshire and the Humber	357,918	6,504.1
England	3,674,028	6,527.3

Source: [UK Government](#)

Positive Test and Trace Update – Case increase and latest 7-day rate per 100,000		
Area	Actual increase in positive tests in latest 7 days (22 February – 28 February)	7 day rate per 100,000 for 7 days previous* (28 February)
East Riding of Yorkshire	264	77.4
Hull	415	159.8
North East Lincolnshire	180	112.8
North Lincolnshire	155	90.0

Yorkshire and Humber	6313	114.7
England	45529	80.9
Source: PHE Daily Briefing <i>*Test results are updated every day and so rates are liable to change</i>		

Table showing 7-day period (February 2- to February 26) Humber positivity, case rate and over 60s case rate. Change since last 7-day period.

Area	Daily individuals tested per 100,000 population (7-day moving average)	Percentage individuals test positive (%) (weekly)	Case rate in over 60s per 100,000 (weekly) (7-day change in care rate %)
East Riding of Yorkshire	386.2 (decrease)	3.3 (decrease)	52.8(-22%)
Hull	400.5 (increase)	6.4 (increase)	102.2 (-19%)
North East Lincolnshire	339.7 (decrease)	5.2 (=)	75.0 (-20%)
North Lincolnshire	373.8 (decrease)	3.8 (increase)	62.6 (+11%)
Yorkshire and Humber	357.0 (decrease)	5.6 (decrease)	79.4 (-25%)
England	367.2 (decrease)	4.0 (decrease)	60.3 (- 30 %)
Source: Public Health England			

Humber Local Authorities new case rates for under 20-years - Period: 20 February – 26 February

Area	New cases (<20yrs)	Case rate per 100,000 population (weekly)
East Riding of Yorkshire	28.0	40.2
Hull	50.0	78.8
North East Lincolnshire	26.0	69.1
North Lincolnshire	22.0	56.4
Humber	126.0	60.2
Yorkshire and The Humber	977.0	75.0
England	7,348.0	55.3

Therefore ,infection rates in The East Riding are below those of the rest of England and the infection rate for the school based population is significantly below the average for England.

Schools must comply with health and safety law, which requires them to assess risks and put in place proportionate control measures. Schools should thoroughly review their health and safety risk assessments and draw up plans for the autumn term that address the risks identified using the system of controls set out below. These are an adapted form of the system of protective measures that will be familiar from the summer term. Essential measures include:

- **a requirement that people who are ill stay at home**
- **robust hand and respiratory hygiene**
- **enhanced cleaning arrangements**
- **active engagement with NHS Test and Trace**
- **formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable**

How contacts are reduced will depend on the school's circumstances and will (as much as possible) include:

- **grouping children together**
- **avoiding contact between groups**
- **arranging classrooms with forward facing desks**

- **staff maintaining distance from Students and other staff as much as possible**

System of controls

- This is the set of actions schools must take. They are grouped into 'prevention' and 'response to any infection' and are outlined in more detail in the sections below:

Prevention: You must always:

- 1) Minimise contact with individuals who are required to self-isolate by ensuring they do not attend school.
- 2) Ensure face coverings are used in recommended circumstances.
- 3) Ensure everyone is advised to clean their hands thoroughly and more often than usual.
- 4) Ensure good respiratory hygiene for everyone by promoting the 'catch it, bin it, kill it' approach.
- 5) Maintain enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents
- 6) Consider how to minimise contact across the site and maintain social distancing wherever possible.
- 7) Keep occupied spaces well ventilated.
 - Numbers 1 to 4 must be in place in all schools, all the time.
 - Number 5 must be properly considered and schools must put in place measures that suit their particular circumstances.

- Number 6 applies in specific circumstances.
- **Response to any infection**
- 7) engage with the NHS Test and Trace process
- 8) manage confirmed cases of coronavirus (COVID-19) amongst the school community
- 9) contain any outbreak by following local health protection team advice
- Numbers 7 to 9 must be followed in every case where they are relevant.

		<ul style="list-style-type: none"> • In line with the Department of Education (DfE) guidance we recommend face coverings should be worn to and from school, if travelling by car or foot. • In line with the latest guidance from the Department of Education, we expect face coverings should be worn in classrooms, unless there are exceptional circumstances. Please note this is being reviewed by the DfE at Easter and we will advise of any changes. • In line with previous Department of Education guidance, face coverings are to be worn in the school's communal areas, such as the canteen, where social distancing cannot be safely managed. • If a student is moving around school, such as going to the dining hall, the toilet or on the limited occasion they leave their base classroom, they must wear a face covering. • If a pupil is unable to use and wear a face covering safely for health reasons, or have exceptional circumstances please contact your child's pastoral manager. • If the national guidance changes with regards to face coverings, we will update our guidance and inform parents and carers. This is expected to be reviewed by Easter 2021. • Additional face coverings have been provided by DfE and placed in strategic places such as the canteen, pastoral offices, entrance, bus circle if students and staff have forgotten theirs. • Additional bags purchased for students to place face masks in • Clear signage in entrance to set expectations when arriving at school • Each morning reference is made to a PowerPoint with good hygiene practice information included • Sufficient amounts of soap (or hand sanitiser at 60+% alcohol base where applicable) and paper towels and lidded bins are supplied in infection control areas, bathrooms and kitchens. • Sufficient amounts of suitable cleaning agents are available on the premises to sanitise regularly-used areas and surfaces – cleaning agents are used and 				

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<p>stored in line with the COSHH Policy. A good supply chain is secured and their suitability has been checked.</p> <ul style="list-style-type: none"> • Everyone is directed to wash their hands regularly (at least 4 times per day) with soap or alcohol-based sanitiser (that contains no less than 60 percent alcohol) and follow infection control procedures in accordance with the DfE and PHE's guidance. Posters are displayed around school to indicate this • Everyone is directed, to catch coughs and sneezes in a tissue (Catch It, Bin It, Kill It) and dispose of the tissue in a bin provided. The double bagged bins will be regularly replaced by cleaning teams ONLY when it is appropriate to do so who will have appropriate PPE. Where students/staff sneeze, they need to wash their hands or clean them with hand sanitiser afterwards • Each classroom be provided with gloves and disinfectant spray in case a pupil coughs or sneezes on a piece of equipment, but it is made clear to staff that it is not appropriate for them to be cleaning. • Students have been advised to bring their own tissues with them in P/C letter. • As with hand cleaning, we will support students with complex needs are helped to get this right, and all students understand that this is now part of how school operates. Some Students with complex needs will struggle to maintain as good respiratory hygiene as their peers. This is considered in risk assessments in order to support these Students and the staff working with them. • All staff are encouraged to be as self-sufficient as possible in regard to sustenance. A pack up, water and a flask for hot drinks. The kitchen has clearly marked on the door the maximum number of occupants at any one time, gel for cleaning hands and wipes for wiping down surfaces that cannot be avoided in the making of a beverage such as the hot water system. 				

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<ul style="list-style-type: none"> • Sufficient amounts of soap (or hand sanitiser where applicable) and hand drying facilities and bins are supplied in infection control areas, bathrooms and kitchens. • New cleaning rota put in place with additional cleaning staff on site for September. This will be started again from March 8. Further additional hours or flexibility in work patterns may be discussed with individuals as the RA and Operational site management is reviewed. • The tissue supply is checked throughout the day by the cleaning staff. If supplies are running low then staff can email site team for re supply of tissues, which will be left at the door if the room is occupied. • The number of rooms used by staff during working hours is limited to avoid the spread of infection and minimise cleaning requirements. • New cleaning rota put in place identifying areas of high usage (to be cleaned throughout day, medium (cleaned 3 times a day) and low usage (cleaned once a day). The site team to produce map and share with staff. • The water fountain has been disconnected. Students are instructed to bring water with them at the start of the day and keep it with them. If students purchase a meal deal they get a free drink. • The Headteacher identifies which areas of the school may be used to carry out working activities and communicates this to staff and volunteers via email or briefing • Our guidance to staff and students includes whistle blowing information of what they should do if they see staff or students breaking the guidance. A member of the SLT will be monitoring that systems are being complied with • Site team to ensure that our heating system is operating correctly and efficiently. • Site Team not to switch ventilation systems off in any building, but to operate them continuously at reduced speeds. 				

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<ul style="list-style-type: none"> Extend heating times to ensure that the heating system pipework temperatures have achieved at least 60oC throughout the system for at least 1 hour before the building is occupied. Fan Convecter Heaters should checked ,cleaned and serviced before use, remove any obstruction away from the convecter grills which may have an impact on the operation of the unit. Fans not be disconnected within the convecter heater as the "isolating" of the fans within the convecter heaters would dramatically reduce the efficiency of the associated heater (Only producing 10% of the normal output from the fan convecter Heater) (Where fitted) Continue to operate air handing units with recirculation to 100% outdoor air In buildings with mechanical ventilation systems , extended operation times are recommended. Time ventilation systems to start 2 hours before and 2 hours after building occupation , Site team to adjust timings In buildings without mechanical ventilation , the use of openable windows is recommended , even if this causes thermal discomfort. 				
Lack of Social Distancing	H	<ul style="list-style-type: none"> Staff and volunteers avoid contact with people who show symptoms of coronavirus, both in and out of academy. All members of school community are regularly briefed on the symptoms to look for: <ul style="list-style-type: none"> High temperature/fever New and persistent cough, for those with a cough this is more frequent Loss or change of smell and/or taste All classrooms have 2m marked in tape to ensure that desks don't creep towards the front over time. This means the 2m gap is maintained Close school library until further notice as cannot socially distance in space, too much soft furnishings Staff room too have furniture removed so staff cannot congregate in there 	Yes	Headteacher	08.03.21	M

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<ul style="list-style-type: none"> • Zoning of classrooms- space to separate students and staff • Review of each classroom to remove unwanted equipment to create more space. Staff requested in briefing to remove unwanted material from classrooms. • During week beginning March 1 HT and site manager visit all classrooms to check teaching spaces • Zoning of social spaces on field when appropriate • Staggered social times to avoid over crowding • As much as is possible students are seated in forward facing desks. Where this is not possible such as in ICT rooms there is more than 1+ metre between students and staff are instructed to advise students at the start of each lessons about social distancing and behaviour expectations. TAs providing support should remain by an open door/window and offer support from the side. <p>Operational plans work on the principle of avoiding transitions to limit the number of people moving around the building at any one time to minimise the risk of contact and the spread of infection:</p> <ul style="list-style-type: none"> • Instruct all staff that when dismissing the class period 5 at the end of the day that students should have their face covering in place • Close off lockers and seal with tape to stop students moving to collect belongings and avoid additional contacts • Staff should avoid close face to face contact and minimise time spent within 1+ metre of anyone to less than 15 mins <p>Where close proximity interaction (being less than two metres apart) cannot be avoided, staff are instructed to:</p> <ul style="list-style-type: none"> • Identify beforehand which tasks must be done in close proximity to others and which tasks can be carried out at a distance or remotely. • Work facing away from each other or side-by-side, where possible, instead of face-to-face. 				

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<ul style="list-style-type: none"> • Where face-to-face interaction is essential, minimise the frequency and duration of the interaction. • Limit close proximity interaction to less than 15 minutes in total • Inform staff that if they have a TA in the class to place student on the front of an end of row near space to allow the TA to work with them and preferably by an open door or window • Limit the number of people in close proximity interactions to no more than two people. • Each classroom/office space will be reviewed to remove unnecessary furniture and soft furnishings to make more space • Markings in the school entrance, floors and class room guide people to socially distance. • Where a member of staff must accompany or supervise a pupil showing symptoms of coronavirus, infection control procedures and social distancing arrangements are adhered to at all times. • Staff and volunteers avoid non-essential work-related travel, where practicable. • Students have designated zones of the school building, signage makes this apparent. Each year group has designated toilets and area to socialise that is separate from other year groups. • Where learners use the bus, they and parents have been advised to avoid public transport especially at peak times. However, when using any bus or public transport they are required to wear a mask which will be removed and placed securely in a plastic bag, then they will be instructed to wash/sanitise their hands. Where staff generally use public transport, they should speak with their line manager to identify other alternatives. Where public transport is the only option, they should use a face covering in line with Government guidance and secure this safely on entry to school. 				

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<ul style="list-style-type: none"> • Most students will come into school on a bus. We have purchased stencils so we can spray distance markings on the ground so students can adhere too. Sanitiser is available on a table as soon as students leave the bus. • If students arrive by the main entrance have purchased stencils so we can spray distance markings on the ground so students can adhere too. Sanitiser is available on two places in the main entrance • The size and frequency of essential group gatherings is limited to no more than five staff, and this is communicated to staff via email. • Where staff must work in teams to carry out their role or perform a task, teams are arranged beforehand and, where possible, team mixing is minimised. • Staff room- will have soft furnishings removed, work spaces provided are 2+ metres from each other and not facing together. Staff limited to 8 people in room at any one time which is displayed outside room. Staff room included in frequent cleaning rota. • The use of communal areas, e.g. & kitchen (1 person) is limited to avoid unnecessary group gatherings – staggered times, queues, or rotas are implemented where required. Acceptable numbers are clearly marked on the door for staff to adhere to. This has been done in consultation with support staff who work in that office. Where possible staff should try and be self-sufficient during the day with packed lunches and drinks • Floor markings or signs are used, where necessary, to indicate any two-metre spacing, e.g. where queues are likely to form. • Contact with parents and carers is minimised and alternative arrangements are in place, e.g. telephone meetings – no face-to-face meetings are communicated clearly, in advance to parents letter. Where parents/carers are invited to a meeting, they will be briefed on the phone beforehand regarding expectations to keep everyone safe. Anyone arriving on site 				

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<p>without an appointment will be refused access to school buildings by a senior member of staff</p> <ul style="list-style-type: none"> Where staff cannot follow social distancing arrangements for a particular activity, the headteacher assesses whether the activity needs to continue – mitigating actions are put in place if continuing the activity is essential. Risk assessments conducted for all students with a known propensity for non-compliance. Expectations shared with parents / carers, along with the clear message that students who do not comply will be returned home immediately. If a student fails to comply with the academy’s social distancing protocols in a classroom setting, the rest of the group will be moved to another room and the academy’s procedure for dealing with non-compliance will be followed. School behaviour policy has been changed to reflect this. If students engage in a physical confrontation, staff will remain at a safe distance of 2m and give a clear verbal instruction to STOP. Staff will be actively encouraged to wear adequate PPE prior to any decision to provide physical intervention. Any staff involved in physical interventions given time to wash, change and supported to seek a PCR or LFT Covid test. The Headteacher will make every effort to reduce non-essential activities and visitors to the site 				
Ill health		<ul style="list-style-type: none"> Staff and volunteers are informed of the symptoms of possible coronavirus infection. If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow <u>‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’</u>, which sets out that they must self-isolate for at least 10 days and should <u>arrange to have a test</u> to see if they have coronavirus (COVID-19). Other members of their household (including any siblings) should self-isolate for 14 days from when the symptomatic person first had symptoms. 	Yes	Operations Manager	11.01.21	M

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<ul style="list-style-type: none"> • Issued guidance to staff and students regarding new update on testing and symptoms that are not related to COVID 19 • Where possible CEV staff are using blended learning to ensure classes are being supported. • Staff who are CV (clinically vulnerable) are expected to be in school. Operations manager to issue personal RA which was completed in Lockdown 1 and will be reviewed by SLT link to ensure staff are comfortable with this. • Pregnant staff are CV but they will be expected to work from home until a further review date of 12 April. • Review of CEV staff means that CEV are required to work from home and this is continually reviewed depending on local conditions and if the CEV staff have been vaccinated. CEV staff cannot attend school after first vaccination. This is to be reviewed on March 31. • During w/c March 1 all staff to be issued with first batch of LFT home testing kits. LFT is available for staff on site for two weeks from March 1. All staff are issued with a Self-Test instruction booklet with the first batch. • Staff only to inform school if test is positive or void and don't have a spare test • Instructions for COVID-19 self-test - GOV.UK (www.gov.uk) • If a child/colleague who is too unwell to take them self home is awaiting collection, they should be moved, to the Infection Control Room where they can be isolated behind a closed door with good ventilation in Howden School this is the medical room, depending on the age and needs of the child, with appropriate adult supervision. Ideally, a window should be opened for ventilation. If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people. • If a student needs to go to the bathroom (this is the disabled toilets in the admin corridor) while waiting to be collected, they should use a separate bathroom. The bathroom will cleaned and disinfected using standard cleaning products before being used by anyone else. 				

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<ul style="list-style-type: none"> • PPE must be worn by staff caring for the child/colleague while they await collection. More information on PPE use can be found in the safe working in education, childcare and children’s social care settings, including the use of personal protective equipment (PPE) guidance. • On collection the P/C will be advised to phone NHS 111 or if the symptoms become more serious 999 • Any member of staff who displays signs of being unwell, such as having a continuous cough, high temperature or difficulty in breathing, is immediately sent home and advised to call 999 if they become seriously ill or their life is at risk. • Staff act in line with the Infection Control Policy and ensure that any unwell staff or volunteers who are waiting to go home are moved to a quieter area of the academy, away from others. • Areas used by unwell members of staff who need to go home are appropriately cleaned once vacated. • If staff are waiting to go home, they are instructed to use different toilets to the rest of the school to minimise the spread of infection (Wheel chair access toilets in admin) • Any medication given to ease symptoms, e.g. paracetamol, is administered in accordance with the Administering Medications Policy. • Any members of staff who have helped someone with symptoms and any Students who have been in close contact with them do not need to go home to self-isolate unless they develop symptoms themselves (in which case, they should arrange a test) or if the symptomatic person subsequently tests positive or they have been requested to do so by NHS Test & Trace. All those who have supported an unwell learner/colleague will be encouraged to wash their hands for a min of 20 secs. If staff supervising a symptomatic child/colleague wish to return home to shower/change they will be supported to do so 				

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<ul style="list-style-type: none"> Staff can be instructed to go home if they are unwell, even if they would like to stay in school. For other First Aid requirements this will be administered in the pop up office in reception, separate to the Infection Control Room. 				
Spread of infection		<ul style="list-style-type: none"> Secondary school testing on-site through an Asymptomatic Testing Site (ATS) We will offer students testing at an on-site ATS from 8 March. <i>*see also additional DFE template Risk Assessment</i> Testing and return of students will be phased during the first week to manage the number of students passing through the test site at any one time. We will offer 3 tests, 3 to 5 days apart. We have the flexibility to consider how best to deliver testing on a phased basis from 8 March prioritise vulnerable children and children of critical workers: <ul style="list-style-type: none"> Monday Y11, Tuesday Y10, Wednesday Y7, Thursday Y8 and Friday Y9 Students will return to face-to-face education following their first negative test result. We are asking students to come into school the day before they start back full time to receive their first Lateral Flow Test. Once they have had their Lateral Flow Test, they must leave site. Parents who drive their children into school for the test will need to stay in the car park until your child returns from their test. It will only take 5-10 minutes. A staggered return to school will help plan and implement the three lateral flow tests in a reasonable timeframe, ensuring safety on site as well as helping the wider community by managing the impact of the return on transmission rates. If we allowed each year group back on site and tested them on their immediate return, one positive test on that day would see a significant number of the year group having to isolate. We also need students to all be tested before they mix on school transport. 	Yes	Operations Manager	11.01.21	M

Area for concern	Risk rating prior to action H/M/L	Recommended controls	In place? Yes/No	By whom?	Deadline	Risk rating following action H/M/L
		<ul style="list-style-type: none"> • Students not undergoing testing should attend school in line with your phased return arrangements. • <i>Close contact is now considered:</i> <ul style="list-style-type: none"> ○ face-to-face contact including being coughed on or having a face-to-face conversation within one metre ○ been within one metre for one minute or longer without face-to-face contact ○ sexual contacts ○ been within 2 metres of someone for more than 15 minutes (either as a one-off contact, or added up together over one day) ○ travelled in the same vehicle or a plane • All doors apart from fire and the staff room door will be open to remove points of contact. <p>Keep occupied spaces well ventilated Good ventilation reduces the concentration of the virus in the air, which reduces the risk from airborne transmission. This happens when people breathe in small particles (aerosols) in the air after someone with the virus has occupied and enclosed area. When your school is in operation, it is important to ensure it is well ventilated and a comfortable teaching environment is maintained. These can be achieved by a variety of measures including:</p> <ul style="list-style-type: none"> • mechanical ventilation systems – these should be adjusted to increase the ventilation rate wherever possible and checked to confirm that normal operation meets current guidance and that only fresh outside air is circulated. If possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply • natural ventilation – opening windows (in cooler weather windows should be opened just enough to provide constant background ventilation and opened more fully during breaks to purge the air in the
