

Welcome to the Year 11 Parental Support Workshop 2022

#TEAMHOWDEN

As a school we are very proud of our students

#TEAMHOWDEN

Myth Busting

The first myth to bust is the one that says that the results of exams will affect the rest of your life – they won't.

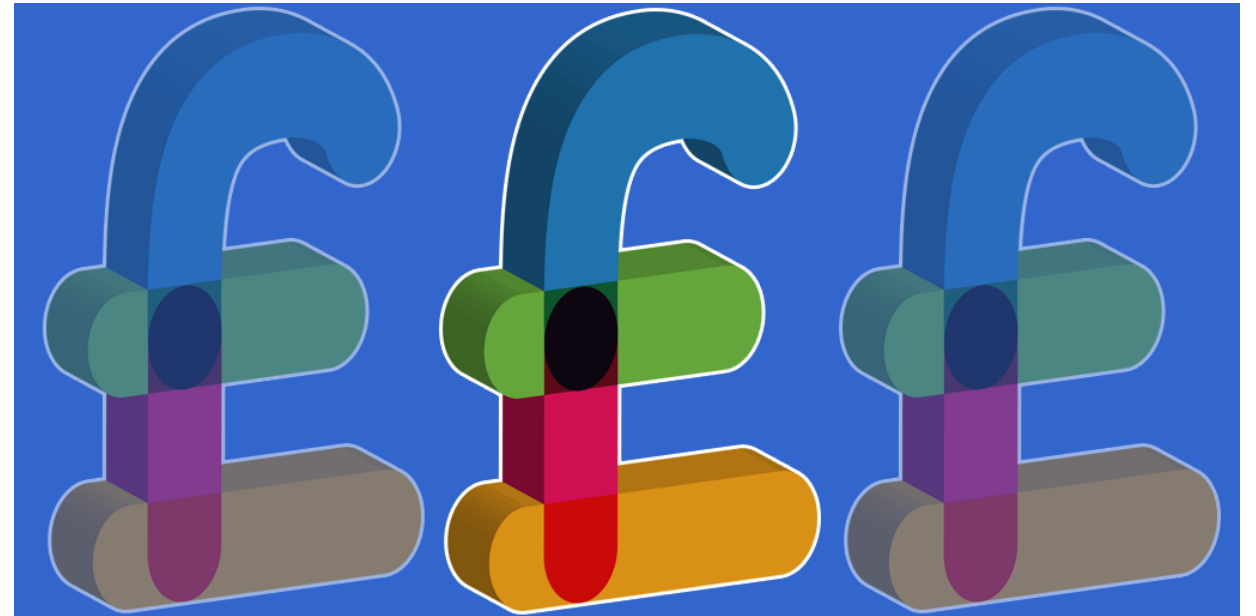

Results at every stage determine what students can or can't do next.

GCSE results are important because they shape young people's choices and chances in education, training, and the labour market.

#TEAMHOWDEN

Individuals achieving five or more good GCSEs (including English and maths) as their highest qualification are estimated to have lifetime productivity gains worth around £100,000 on average

The value of an additional grade in earnings is £23,000

**success leaves clues.
people who succeed at
the highest level are
not lucky; they're doing
something differently
than everyone else does.
- tony robbins**

What can you do to make sure all students can be a success?

Attend

Classwork

Recall

Revision

Homework
- Self study

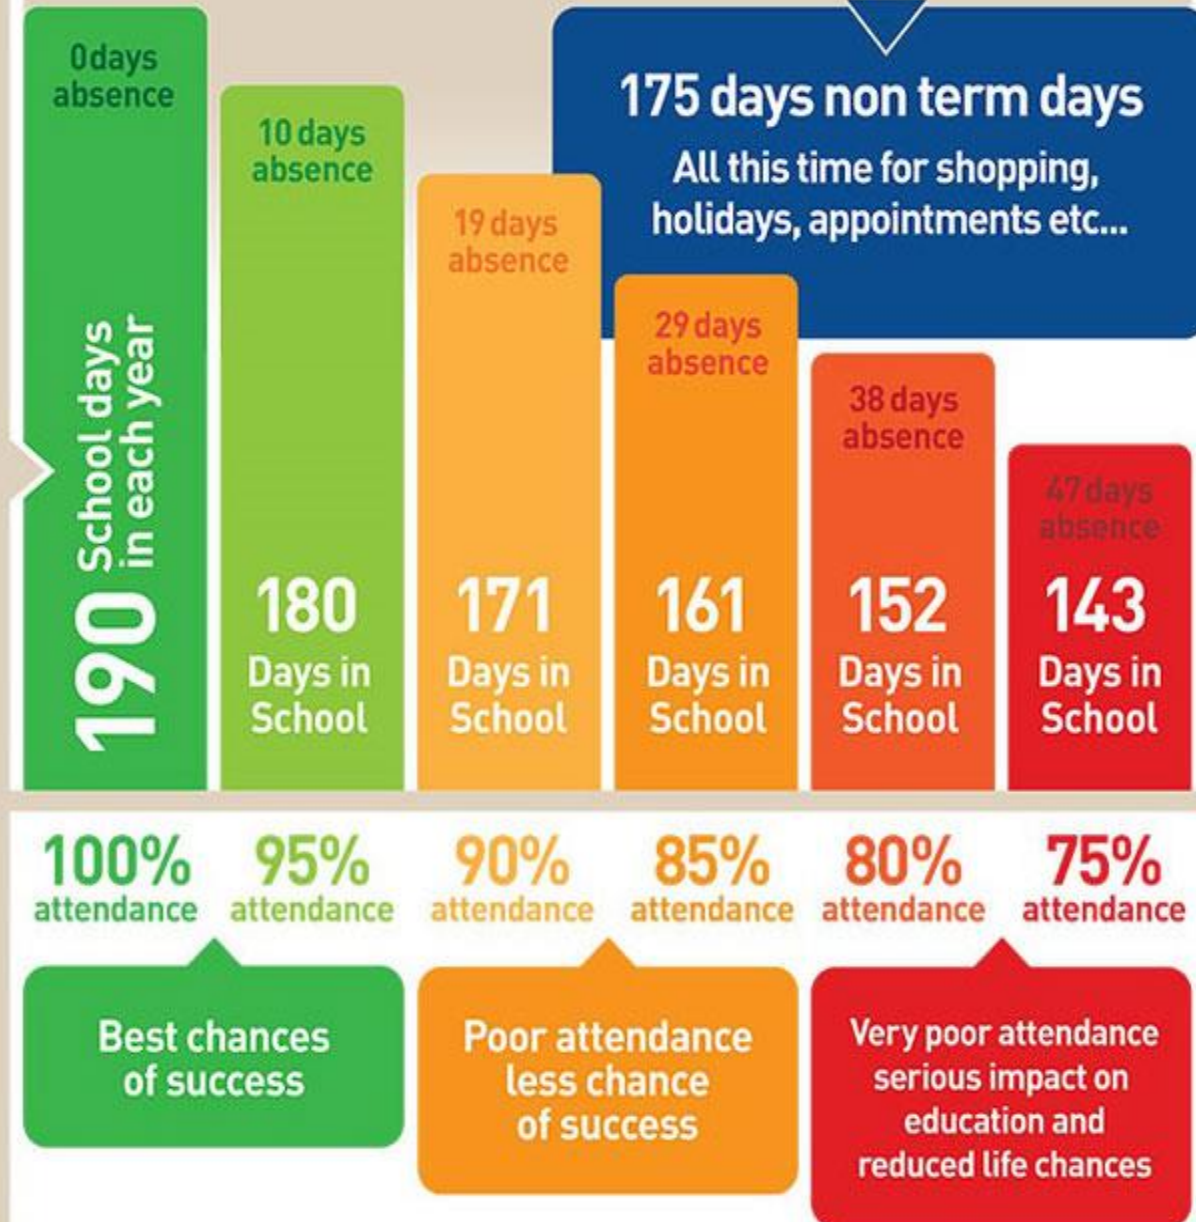

#TEAMHOWDEN

Attendance

- Each day of individual pupil absence results in around 0.3-0.4% of a standard deviation reduction in achievement.
- Achievement is most negatively affected if pupils are tested soon after their return to school.

365 days in a calendar year

...being in school at least 95% of the time (180 to 190 days)

Well being and Mental Health

“Poor mental health has previously been linked to poor school attendance, with anxiety often described as a key risk factor. “

Katie Finning is a PhD student at the University of Exeter Medical School, based in the Child Mental Health Research Group.

#TEAMHOWDEN

Take Advantage of what's on offer

Students who attend regular revision classes are the highest performing students

#TEAMHOWDEN

Web site

Maths:

- **Maths Genie** www.mathsgenie.co.uk This has videos, booklets of questions and worked solutions by grade. Past papers are also available - take care we use the Edexcel specification.
- **JustMathsOnline** <https://online.justmaths.co.uk/justmaths-login-online/> This is amazing for follow-up work after practise papers and mock exams. Ask your teacher for the username and password.
- **Mathswatch** <https://vle.mathswatch.co.uk/vle/> Students need to log into the site, username 'asmith18'@howden.
- **Mymaths** <https://login.mymaths.co.uk/login> Lots of resources including booster packs to target grades and access to lessons to all skills on the exam.

Languages:

- All pupils have a log in to www.vocabexpress.com they have a unique username and password. The school code is UKHOWD. They should be using this daily for 5-10 minutes IN ADDITION to other revision. If you click forgot password we are notified or message teachers in Teams for logon details.
- www.linguascope.com Pupils should be using the Intermediate area. The username is ~~howden~~ and the password is the same for all pupils. (We are not allowed to post the

Term Dates

Transition

Useful Links

#TEAMHOWDEN

At Home

- 1. Regular talk about school. Ask them if there's anything they're struggling with – and do something about it, contact us
- 2. Encourage them to read more
- 3. A period of quiet in the house
- 4. Stay in touch with their teachers
- 5. Test them
- 6. Reward them

Study Space

- Whether it's for homework, revision or coursework, students need to spend time studying at home.
 - The environment around you has a profound impact on their study experience and can ultimately affect their grades.
1. Find a quiet place in your home.
 2. Pick an area with a table, desk, and/or chairs.
 3. Create a static Study Space.
 4. Remove clutter.
 5. Pick a place where you can have some wall space.
 6. Set up shelving.
 7. Hang a calendar that is large enough to put some important dates.
 8. Leave some room to put up your awards and accolades.

Little and often

Take Regular Study Breaks

There is no point forcing yourself to study for hours upon hours as this will not result in a positive outcome.

Taking regular study breaks and exercising is proven to engaging your brain in studying and improve your exam performance in the long-run.

1. Improves the memory
2. Serves as energy boosts
3. Reduces stress
4. Improves your health
5. Boosts your performance and creativity

KEEP
CALM
AND
TAKE A
STUDY BREAK!

#TEAMHOWDEN

No phone

**Don't go
with your
phone in the
Study room**

Use it on breaks

Study for only
half to one hour
without
noticing at the
phone then
take 15-30
minutes breaks
and use your
phone.

5 Simple Ways to Avoid your Phone while Studying

**Use Phone
Avoiding
Apps
(Search on
Google)**

**Block or
Uninstall
other
distracting
Apps**

Group Study

Group Study not only help you to avoid your sleepy feeling while studying it can also help you to avoid your phone while studying. But you have to be active in group study.

Studelp | Dedicated for Students

No phones
while studying

Study with
tech in a public
place

“Tip: When you start studying, charge a phone or ipad on the opposite wall and put it on airplane mode. ”

Be careful what you
say... they remember!

Its never too Late!

If your young person for whatever reason does not get organised early and has not done everything they can to be a success remember...

Its never too late! Keep positive
